RETEST/REDO FORM

Student Name: __________________ Teacher Name: __________________
Subject: __________________ Class Period: __________________

Retest/Redo Policy Highlights

- Students may redo one assignment in each category per grading period.
- Students may earn up to a 70 on retest/redo assignment.
- Students will only have one opportunity to retest/redo any given assignment.
- Because students can only redo one assignment in each grading category, it is recommended they attend tutorials prior to the retake.
- A daily redo assignment must be completed prior to the summative assessment / unit test.
- An assignment receiving a zero, due to being late, is not eligible for redo.
- For documentation and communication purposes, the student must have a Retest/Redo Form signed by his/her parent and return the form to the teacher along with the original assignment.
- All retests must be offered and completed by the end of the grading period.

Assignment to be redone: __________________ Original Grade: ____________

Check category: □ Major □ Assessment □ Daily

Student has permission to stay to retake on: __________________

Parent Signature: _____________________________________________

I have read and understood the Retest/Redo Policy.
